

EXPERIENCES

ARNØY BRYGGE

Experience the exotic Norway Tuesday, May 21. We can offer a food experience unlike anything else you have tried before. We leave from the harbour at 18:30 and go by boat or rib (your choice) to Arnøy brygge in Gdeskål. Here you will get an amazing sea food buffet paired with perfect wines. Price incl wine package € 250.

The narrow straits and steep mountains in the area creates good conditions for the White Tailed Sea Eagle. The sea eagle is the largest bird of prey in Europe, with a wingspan of up to 2.5m! Bodø is home to the largest population of sea eagles in the world, and you are very likely to meet one of these majestic birds along your journey
